Horoscope

- ARIES (Mar 21/Apr 20)** Don't push yourself too far this week, Aries. That is a surefire way to be overcome by stress and deplete your energy, which you need to get things done. Pace yourself.
- TAURUS (Apr 21/May 21)** Hold your tongue and try not to get into any heated arguments with people either at work or in your social circles, Taurus. Avoid controversial subjects.
- GEMINI (May 22/Jun 21)** There's a strong pull toward wanting to play as well as getting work done, Gemini. Is there a way to delegate some work so you can focus on recreation? Figure things out.
- CANCER (Jun 22/Jul 22)** Cancer, you may have some exciting plans brewing but you might not know how to put them in motion. A friend may offer to help get the ball rolling.
- LEO (Jul 23/Aug 23)** The planets are trying to tell you to slow down and take a day off, Leo. You just have to listen more closely or you could run the risk of burnout in the days to come.
- VIRGO (Aug 24/Sept 22)** Virgo, this week things may get a bit more intense than you anticipated. Intensity doesn't necessarily mean you will have a bad time. Everything will be exciting and fast-paced.
- LIBRA (Sept 23/Oct 23)** Libra, focus on your personal relationships this week, as you may need to modify a few things and do some housekeeping in your social relationships.
- SCORPIO (Oct 24/Nov 22)** Focus on the finer details of life this week, Scorpio. If you have been waiting to have a gourmet dinner or to take a luxurious trip, now is the time to do so.
- SAGITTARIUS (Nov 23/Dec 21)** There's conflicting energy in the cosmos this week, Sagittarius. All of what you think was right may be turned on its head. Some new decisions may need to be made.
- CAPRICORN (Dec 22/Jan 20)** It may be challenging to figure out where you stand with someone this week, Capricorn. You thought you had it all figured out, but the tides have changed dramatically.
- AQUARIUS (Jan 21/Feb 18)** You'll continue to face the difficult decision of whether to tend to your own needs or help someone close to you, Aquarius. It's a fine line to walk with no easy answer.
- PISCES (Feb 19/Mar 20)** There's a positive drive guiding you along, Pisces. If you've been putting off your to-do list, now you will have the energy to get things done.
