# SUDOKU

**Like puzzles?**  
**Then you'll love sudoku**  
 This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**Here's How It Works:**

Level: Beginner

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# Horoscope

**ARIES (Mar 21/Apr 20)** Don't push yourself too far this week, Aries. That is a surefire way to be overcome by stress and deplete your energy, which you need to get things done. Pace yourself.

**TAURUS (Apr 21/May 21)** Hold your tongue and try not to get into any heated arguments with people either at work or in your social circles, Taurus. Avoid controversial subjects.

**GEMINI (May 22/Jun 21)** There's a strong pull toward wanting to play as well as getting work done, Gemini. Is there a way to delegate some work so you can focus on recreation? Figure things out.

**CANCER (Jun 22/Jul 22)** Cancer, you may have some exciting plans brewing but you might not know how to put them in motion. A friend may offer to help get the ball rolling.

**LEO (Jul 23/Aug 23)** The planets are trying to tell you to slow down and take a day off, Leo. You just have to listen more closely or you could run the risk of burnout in the days to come.

**VIRGO (Aug 24/Sept 22)** Virgo, this week things may get a bit more intense than you anticipated. Intensity doesn't necessarily mean you will have a bad time. Everything will be exciting and fast-paced.

**LIBRA (Sept 23/Oct 23)** Libra, focus on your personal relationships this week, as you may need to modify a few things and do some housekeeping in your social relationships.

**SCORPIO (Oct 24/Nov 22)** Focus on the finer details of life this week, Scorpio. If you have been waiting to have a gourmet dinner or to take a luxurious trip, now is the time to do so.

**SAGITTARIUS (Nov 23/Dec 21)** There's conflicting energy in the cosmos this week, Sagittarius. All of what you think was right may be turned on its head. Some new decisions may need to be made.

**CAPRICORN (Dec 22/Jan 20)** It may be challenging to figure out where you stand with someone this week, Capricorn. You thought you had it all figured out, but the tides have changed dramatically.

**AQUARIUS (Jan 21/Feb 18)** You'll continue to face the difficult decision of whether to tend to your own needs or help someone close to you, Aquarius. It's a fine line to walk with no easy answer.

**PISCES (Feb 19/Mar 20)** There's a positive drive guiding you along, Pisces. If you've been putting off your to-do list, now you will have the energy to get things done.
