HOW TO

Choose a Great Hair and Nail Salon

Angela and Madeline, Owners

Finding a perfect Salon family is nearly impossible. It can be overwhelming, and disappointing at times, when your expectations are not met at a new salon. Beauty Slayers Salon and Suites sets the bar higher. Find your way down in the heart of our beloved town for a relaxing day of pampering. We offer a huge variety of services. From Nails, Hair, Vivid, Barbers, Lash Techs, Microblading, and more. This is truly the one stop shop for all your needs. Here are a few tips to finding that salon and stylist that is perfect for you.

GET ADVICE

Asking the advice of friends and family can be a great way to find the perfect salon home for your life. Social Media platforms are a perfect way to receive suggestions from your local community on their experiences with salons in our area. Always make sure to get the name of their favorite stylist. Often times, it's the stylist that makes an experience so amazing.

LOOK ONLINE

Salon websites and social media business pages can be an easy way to scope out your beauty professional prospects. Many salons keep and post photos of each stylists work so you can see a clear picture of each person's attention to detail. You can find many of Beauty Slayers stylists and technicians work on our Facebook or Instagram pages.

OTHER OPTIONS

If you are still uncertain and need that extra connection for confidence, try scheduling a consultation with one of our Slayers free of charge. This is an opportunity to speak directly

to your Slayer, to walk through your own expectations, and for your Slayer to give their professional and honest opinion about how to effectively tackle your service.

ATMOSPHERE

All of us have walked into a salon in our lifetime only to be met with tension and discord, making our experience nothing short of disappointing. There is nothing more wonderful than spending several hours of a service in a salon that exudes a healthy work environment, a family loving atmosphere, and a team of professionals who love and care for each other and their clients. We make it our top priority at Beauty Slayers Salon to create that kind of beautiful atmosphere that has our clients leaving with more than just exterior beauty. Our clients leave feeling loved and fueled with joy.

SERVICES

Finding the salon that offers all the things you need in one place can sometimes be difficult. Thankfully, Beauty Slayers has accumulated the perfect array of services to suit everyone's needs. Being able to receive all the services you need means that with each visit you are getting what you want, and that your expectations are met and exceeded.

Finding your forever salon home can be a vulnerable task for some people. We want to assure you that at Beauty Slayers Salon you are only new to us the first moment you walk in. After that, you are family. We look forward to meeting you and welcoming you with open arms.

HOW TO

Choose a
Paint Store

OPEN

Dunn-Edwards
PAINTS

A coat of fresh paint on the walls can change the atmosphere quickly and easily. Paint is one of the best ways to update the look of your house without breaking your budget.

Whether you're a do it yourself or hire a professional, choosing the right paint store is key to the process.

There are a tremendous variety of paint colors and textures available. Acrylic latex paint are available in a wide range of finishes and compositions.

Different grades of paint are available for particular applications and budgets. Higher production paints for contractor or commercial use generally have a value price point while premium products tend to perform much better. Some products may require a primer and some are "paint and primer in one".

River Paint and Supply carries premium paint from Benjamin-Moore and Dunn-Edwards that include residential, commercial and industrial coatings as well as concrete floor and pool deck coatings.

It may seem overwhelming, but more options will give better results and longevity. Knowing your specific priorities and considerations River Paint will help guide you through the process of providing the right product for your project.

Don't be hesitant to get professional advice. Even painting contractors, the most experienced house painters need up to date product information and advances in formulations for certain specifications. That's where a quality paint store comes in. Not only will we provide premium quality products but also expert advice from experienced staff people who are ready to offer suggestions and recommendations for all aspects of your project. With over 35 years of combined retail, commercial, application experience and superior color tint masters in the tri-state area.

With so many color and style selections available, River Paint and Supply can assist you with your design advice for achieving the look you want. When it comes to paint, there are endless possibilities, and our professional staff will help you navigate through the options. We are well versed in the latest styles and trends and offer recommendations for color palettes that work together.

Choosing the right paint colors and accessories sometimes requires a little trial and error. Color samples (small 4-8oz, jars) are available to try a color swatch on your walls in order to see the color in your home without the expense of a quart or gallon of material. Once the right color is identified we're here to help achieve the design look you want.

We strive to help customers achieve a quality, professional finish for any job.

We are superior color matching tint masters, providing expert customer service and advice from over 50 years of experience in Lake Havasu.

We provide specialty coatings including roofing & flooring for industrial and commercial use.

HOW TO

Choose a Pest Control Company

Cockroaches, bugs, termites. These and other insect infestations can cause nightmares for homeowners. Pests can ruin the serenity of your home or place of business and cause damage. And an untreated infestation can quickly become unmanageable. If it involves termites, it could even threaten the structure of your home.

If the problem hasn't spread, you may be able to contain and eradicate these pests on your own. But if you're dealing with an infestation you just can't seem to stop, it's probably time to call in the help of a professional.

The right pest company will handle the problem quickly. Here are some tips to help you search for a company in your area.

A LIST OF COMPANIES

Your first step is to make a list of companies in your area that provide services you need. Check out companies online or who advertise in your local newspaper.

You may also ask friends, family and businesses in the area who they use to keep pests away.

Next, research each company's background, and how long they have been in business. Look at customer service reviews.

Shorten the list of possible providers and then contact the Better Business Bureau by phone or email. Ask if the companies have any complaints filed against them.

TYPES OF TREATMENTS

Narrow your list further by contacting the companies directly. Ask them what kind of products they use when treating a residence. Powders, sprays and other forms vary dramatically in effectiveness as well as toxicity.

If you have children or pets, this issue is an urgent concern. Many treatments can be toxic to people and animals. Poisoned bait, for instance, is a method that

homeowners with children or pets should avoid.

Companies should have solutions for these situations. Some companies offer environmentally friendly, alternatives, such as naturally based compounds that some may prefer. These treatments might include citrus-based agents and trap-based rodent control.

RESEARCH

Prior to contacting anyone, educate yourself about common pests in your area. Check to see if these pests are on your property. You might find evidence such as droppings or other indications that they are in your yard or home.

Look on the internet to discover which solutions are used to control these pests. Some cities or communities have laws regarding pesticide applications. There might be regulations concerning licensing and insurance for pest control companies.

Now, contact the service providers for more detailed information about prices, processes and other information. You should call at least two different businesses so you can compare services.

Listen to their sales pitch and ask questions. Reliable, reputable business should always answer your questions honestly.

Finally, trust your instincts. If the workers seem inexperienced or you don't trust their information, look elsewhere.

A quality pest control company will not only help you with your current situation, it will also prevent future flare-ups. You can take comfort knowing that this is one problem someone else has under control.

Desert Storm Hits Havasu

Eye-catching, attention-drawing performance boats will converge on Lake Havasu City this week for the Anderson Powersports Desert Storm presented by Kicker Marine Audio.

The four-day event, which is touted as the largest performance boating event in the Western U.S., is as much fun for spectators as it is for participants. It will be April 24-27, and during that time there several activities that are free and open to the public, including the Street Party, Parade of Power, and Shugrue's Shootout.

The Street Party will be Thursday, April 25 in Havasu's Downtown District on McCulloch Boulevard from Acoma to Riviera; Birch Square, Mulberry and Querio.

Hundreds of vendors, exhibitors and participants will line Main Street. The public can walk the boulevard from 1 p.m. to 9 p.m., and see these extraordinary super-charged racing vessels up-close. Organizers have brought back the food court with seating, beer garden & bar in the Eye of the Storm, at the park on the corner of Querio and McCulloch. Also there, find the registration booth and trailer with official Desert Storm merchandise.

On Friday, April 26, the public can watch the Parade of Power from either

side of the Bridgewater Channel starting at 11 a.m. Desert Storm participants will leave Thompson Bay and cruise through the Channel on their way to their Poker Run. There will be vendors set-up along the Channel.

"We have about 85 Poker Run participants, pretty close to what we had last year," said Steve Ticknor, one of the Desert Storm owners.

The exciting Shugrue's Shootout will be Saturday, April 27, off Site Six on the Island, starting at approximately 10 a.m. Participants in the Shugrue's

The Desert Storm Street Party returns to McCulloch Boulevard on Thursday, April 25.

Shootout compete on the high-speed, ¾-mile closed course for the King of Desert and Queen of the Desert titles. Speeds approaching 200 miles per hour are achieved in this exciting competition. The action can be viewed either from shore around Site Six, or by boat along

the buoy line that will be in place. The Desert Storm trailer will be set-up on the overlook to the Shootout course selling special Shootout shirts and other Desert Storm merchandise. The event concludes Saturday night

with an awards banquet and party. This year, organizers added classes based on the number of boats that participate in the Shootout. In addition to the crowning of the King and Queen of the Desert for fastest overall speed, there will also be awards presented for top speed in each class.

The four-day event opens on Wednesday, April 24 with Krusin' 4 A Kause, during which persons with special needs enjoy a boat ride on the lake.

Desert Storm, the largest performance boating event in the Western U.S., came under new ownership last year. Ticknor, a local real estate broker and Executive Director for the Havasu Balloon Festival, partnered with Jim Russell, owner of DSM Events, to carry on the Desert Storm tradition in Lake Havasu.

"We had tons of great feedback on last year's Desert Storm, even though we only had four months to put it on from start to finish," Ticknor said. "We've had much more time to prepare so things should run a lot smoother and will be a better experience for everyone involved."

Desert Storm Poker Run and Shootout return to Lake Havasu this week. The Poker Run will be on Friday and the Shootout is on Saturday. Desert Storm photo.

"We just want to say how thankful we are for the support we get from the community, the city and participants. This is one of Havasu's signature events and we want to make it the best it can be!"

Glitch Barcadium throws outdoor party

Glitch Barcadium is throwing a “Grand Opening” Party and those 21-and-over are welcome to join the fun.

The party on April 27, from 4 p.m. to close will be Glitch’s first outdoor event. It will feature music by DJ Casio and the 64’s, BBQ food truck, stage, and Party Patio with Hot Tub by Boom Bandit Entertainment. There will be an outdoor craft beer tent and domestic tent, and full bar menu inside. There is no cover charge.

DJ Casio will play music from 6 p.m. to 7 p.m. and again after The 64’s are done performing from 7 p.m. to 10:30 p.m. The 64s are Lake Havasu’s very own all-90s cover band, bringing back one of the most nostalgic time periods of music.

Glitch opened in January 2022, but never celebrated with a grand opening party. The owners: Kevin Wright, who

manages daily operations; Corey Wilcox, who manages marketing/branding/design; and James Arnold, who is the Arcade Tech; decided the time was right. Sponsors for the party are Armor Fence, HavaDump, and Tristate Equipment Rentals.

“We toyed around with a Grand Opening Party and never pulled the trigger,” Wilcox said. “We just went through a bit of a rebuild and changeover in ownership, and we decided this was the right time to throw the party and show appreciation to all our amazing customers and our awesome community.”

“This is more about them than us! We are a community-minded business. We will even have Mayor (Cal) Sheehy there that day to do our ribbon cutting.”

Glitch offers weekly specials including Mug Club Mondays, Tuesday Seniors Day, and Wednesday Date Nights. Soon,

Waterless Boat Race sold out at speedway

It's not unusual for the annual Night of Destruction, featuring the Waterless Boat Race, to sell-out of tickets at Havasu 95 Speedway.

But, what was different this year is how quickly tickets went. The track's season-finale was sold-out within 24 hours of ticket sales opening online. Speedway officials caution against people purchasing tickets from online sellers.

Ticket-holders will see quite a show Saturday night, April 27. Gates will open at 4 p.m. - three hours before the 7 p.m. start time. The night will open with championship races in the Get It In Gear Street Stocks, Sam Nichols Factory Stocks, Havasu Wiring 206 Outlaw Karts, Havasu Wiring 125/Animal Outlaw Karts, and Havasu Wiring Flat Karts. The Vintage Stock Cars will race an exhibition race. The race is presented by Big O Tires, Get It In Gear, and Mohave Solar.

The night will conclude with the Waterless Boat Race, during which cars with boats attached try to avoid - and outlast - the others, creating a lot of excitement from spectators.

Five champions will be crowned Saturday. Because of the rain-out to the March 30 race, there will be two feature races in each division for points. Street Stocks will run Twin 25's and Factory Stocks will run Twin 15's. Both Outlaw Karts divisions and the Flat Karts will run Twin 15's for main event points and not run heat races.

With an extra race, anything can happen. Ryan Daniel holds an eight-point lead over Brian Pannone, 230-222. Nathan Hovdal is third (184).

Kevin McKinney is seeking his second Factory Stocks championship after winning the title during the 20-21 season. He enters the night with a 10-point cushion over Darryn Keirns (378-368). Chris Blackwell is third with 352 points.

Kevin's oldest son, Mason McKinney, is on pace to pocket his second consecutive Flat Kart championship. Mason and his brother, Madden sit 14-points apart at the

top of the standings, 299-285. Jamie Markle is third with 231 points.

The championship in the Animal/125 Outlaw Karts could come down to that second main event. Just three points separate leaders Carter Kendrick (293) and Brayton Roberts (290). Jasmyn DeVoe sits third with 267 points.

Kinsley Burris holds a 17-point lead over Zara Lombardi heading in the final 206 Outlaw Kart races. Burris has two feature wins for 288 points and Lombardi has two main event wins and two heat race wins for 271 points. Braylon Martin is third with 255 points.

Three of eight track championships were determined earlier in the season. Stephen Brucker won track championships in both the 602 Modifieds and Mikon Construction Legends. Jeffrey Peterson was crowned the Pro Late Model track champion. The McAtlin Electrical Dwarf Cars will crown a series champion from the three races at Havasu 95 and upcoming three races at Mohave Valley Raceway.

The speedway is located at SARA Park. For more information, visit havasu95speedway.com or follow on Facebook and Instagram.

Girl Scout Troop 7473 Visits ASU Lake Havasu for STEM Lesson

ASU Lake Havasu has some exceptional faculty members who are always willing to give back to their community, and Dr. Jeanette Nangreave, who has a PhD in chemistry, is one such extraordinary professor who excels at bringing her passion for science to students of all ages. Her experience before coming to the Lake Havasu City campus includes research and lab management at the ASU Tempe campus. She spent seven years studying DNA nanotechnology, a multi-disciplinary field that seeks to use DNA molecules as structural elements for application in chemical, biochemical, and medical fields.

Dr. Jeanette Nangreave welcomed Girl Scout Troop 7473 to the ASU Lake Havasu lab for a STEM lesson on extracting DNA from strawberries. Nine excited girls—both Juniors and Cadettes—donned their lab coats and gloves and got to work.

“All living things have DNA, which are the biochemical instructions on how to make a living thing,” Dr. Nangreave explained. “It can easily be seen with the naked eye when collected from thousands of cells.” Strawberries were used in the experiment because they are soft and easy to smash. Strawberries are also octoploid, which means they have eight of each type of chromosome in each cell, which means you can get more DNA more easily.

First, the girls smashed strawberries in baggies—some had previously been frozen and defrosted to possibly accelerate the release of the DNA. Then, they mixed together dish detergent, salt, and water to make a solution that would be the DNA extraction liquid. Next, they added the extraction liquid to the baggies with the strawberries to further break open the cells. They gently smashed the strawberries in the liquid for another minute, making sure not to make too many soap bubbles. The girls then made a strainer by placing cheesecloth over a plastic cup and securing it in place with a rubber band. They gently pressed the cloth to make an indentation so the strawberry mush wouldn’t fall off the top. Then, they strained the strawberries into the cup. Alcohol was poured (by the adults!) down the side of the cups, and a white cloudy substance began to form—the DNA was spooling and being released! DNA is not soluble in alcohol; therefore, it makes the DNA strands clump together and become visible to the naked eye. The girls were able to collect the DNA and put it in a tiny tube that they could take with them as a necklace.

A HUGE Thank You to Dr. Jeanette Nangreave for inspiring these possible future women of STEM!

The girls predict what the DNA will look most like (tears, snot, vomit, or blood)

Dr. Nangreave talks Sophia and Abby through the process of adding the solution.

Jade is assisted by her Girl Scout leader mom Vijette in measuring salt for the solution.

Macy carefully measures dish soap to make the extraction solution.

Ashley strains her strawberries through cheesecloth.

Emily strains her strawberries into a cup.

Wren added her strained strawberries to a tube before DNA extraction.

Sophia shows off her extracted DNA (looks like snot!), and Toula uses a pipette to suck up strawberries to add to her test tube.

Moto Cowgirl: Western Style for Powersports Girls

Owner Stacy Winter

Stacy Winter, founder of Moto Cowgirl, is a highly experienced professional in the fashion industry. Prior to founding Moto Cowgirl, Winter was developing apparel for many different moto brands in southern California, such as First Gear, Answer Racing, Roland Sands Design and Can-Am, among others. Stacy has a passion for riding and loves the Western style of clothing. She noticed there were not many women only brands and wanted to create a brand that stood out from others since “all the womens apparel is so

similar.” Winter has known she wanted to work in fashion since grade school, and now she is making her dreams a reality.

Despite her success in the corporate world, Stacy never forgot her deep love for riding, which she developed on her grandpa's property in Grants Pass, Oregon, where she rode her first three and four wheelers. Later on, she got her motorcycle license and joined women's riding groups. With her extensive experience in fashion design, a passion for riding, and a keen eye for detail, Stacy ventured out to establish a brand that would cater to women interested in Western style and riding. Moto Cowgirl was born with the mission to empower women and make them feel confident while riding. The brand offers

quality apparel and accessories suitable for the open road and a broad range of products, including shirts, hats, hoodies and bandanas. She also offers stickers, patches, and can koozies. Her goal is to grow and be able to add jackets, gloves and pants in the future.

Stacy tries to employ people she knows, for example sewers and patternmakers. Her cousin is the creative muscle behind the unique bracelets with the Moto cowgirl logo burned into the leather. Winter also aims for her products to be made in the USA. Her next iteration of shirts will be made completely from regionally grown Supima cotton, which is twice as strong as ordinary cotton, making it a very durable choice, especially for those who are active in powersports.

Her unique designs are a blend of motosports and Western aesthetics. Winter said, “Since I visited my aunt's ranch as a little girl I have been in awe of the cowgirl and western lifestyle. I grew up in the suburbs of a small town surrounded by powersports. I have collected western apparel for years, both modern and vintage. You can never have too many boots, right? I pull a lot of ideas from those pieces and pay attention to what catches my eye. When designing I try to think of confidence and comfort no matter what type of adventure someone may be on. It could be on a motorcycle, dirt bike, side by side or bouncing a 4x4 through the toolies. My goal is to design a fit that can cross all those categories. I noticed the options were slim and decided to combine western styling with moto to create something new.”

Stacy loves the welcoming community of Lake Havasu City. She said, “Everybody has more respect for each other and everyone is very kind.” She loves to attend local events as a vendor and she hopes to be more involved in the future. She currently does not have set store hours, but when she does, she would love to also employ someone local. Moto Cowgirl products can be purchased from Powersport Pros on Industrial, online at MotoCowgirl.com, and in her office/retail space at 2156 McCulloch Blvd. #3. She offers local delivery as well.

NEWS FOR THE COMMUNITY

Starline Elementary offers innovative Gifted Program

The Gifted Program at Starline Elementary has been in place for many years, but it has recently been innovated and heightened by the leadership of Mrs. Thuneman, our district coordinator.

We recently held our Gifted Family Information Night and welcomed families from within and outside of our school district with specific information about their students’ giftedness in areas of verbal, nonverbal, and quantitative thinking. Further, families had the chance to meet

continue projects like Kid City, a microcosm of entrepreneurship and civic engagement that students facilitate themselves.

In fact, we are the 2024 recipients of The Susan Nusall Law Related Education Grant which seeks to further civic and law related educational programming. At

the same time, our green house was just installed as a result of our funding from the grant we were awarded last year from the Rural Schools Collaborative Grants in Place-Based Instruction.

The coordinator and teachers involved in making these incredible opportunities for children are to be commended as they demonstrate what *every student, every day* sincerely

means. They challenge each student to reach their fullest potential and, by doing so, have a positive impact on our entire community. Thank you!

INDIVIDUAL OF THE WEEK

Mrs. Jamie Thuneman, Gifted Program Coordinator

Each week an individual or group will be featured for their hard work and commitment in our school systems

Jamie Thuneman is the assessment and accountability coach for our district, but that title doesn't quite capture the amazing impact she has on our staff and students at Starline Elementary. She is a former engineer and classroom teacher along with a current Nationally Board Certified Teacher and our coordinator for the Gifted Program at LHUSD.

She regularly meets with Starline staff to review student data and identify the right next steps for student learning. Since the Gifted Program is currently housed at Starline Elementary, we also get the gift of working closely with Mrs. Thuneman. I think any family, staff member, or student who has had the pleasure of working with her will say that it isn't what she does, it's how she does it. Her integrity, attention to detail, and thoughtfulness are apparent whether she is advocating for a student who may have accidentally clicked submit on a state assessment, resolving a challenge for a staff member, facilitating professional development for our gifted team, or providing thought partnership with the principal, Mrs. Sautner.

I would be hard pressed to identify a person of higher character or personal and professional virtue than Jamie. She has made the Starline Gifted program better, helped our families, supported our teachers and administrators, and is a member of our district whose impact is difficult to quantify. She is a change-maker and overcomes every adversity with grace and humility. Thank you for showing us how it's done, Mrs. Thuneman! Starline Elementary staff, students, and families appreciate you and hope you know it every day.

CAPRICORN - Dec 22/Jan 20 Capricorn, you are ready to move forward, but others in your orbit may be holding you back. Know when to cut loose and do things according to your bigger vision.

AQUARIUS - Jan 21/Feb 18 Thinking about all of the things in your life that may not be going to plan could have you feeling down, Aquarius. Flip the perspective and start focusing on the right things.

PISCES - Feb 19/Mar 20 Pisces, you are known for being a dreamer, but right now you have to come down from the clouds and develop a solid plan of action. There will be time for fanciful ideas later.

ARIES - Mar 21/Apr 20 You can get your spark back with some help from friends, Aries. You may have been struggling in one form or another, but others can provide the perspective needed.

TAURUS - Apr 21/May 21 Taurus, you are a dependable rock and that comes with a lot of responsibility. Sometimes you may feel overwhelmed, and in those instances feel free to delegate some tasks.

GEMINI - May 22/Jun 21 Too much joking around may strike a nerve of someone close to you, Gemini. Feel out every situation before you start communicating in such a laid back and jovial way.

CANCER - Jun 22/Jul 22 Cancer, like it or not, you have to stand by a promise or a commitment you made to someone, even if you no longer feel like doing so. Once it is finished, you can go your separate ways.

LEO - Jul 23/Aug 23 Leo, if others have underestimated you or written you off in the past, you will have an opportunity to prove them wrong this week, even if you already know the truth.

VIRGO - Aug 24/Sept 22 Your keen eye for detail has you pointing out a mistake that may have cost someone a lot of money, Virgo. Your reward could be a promotion or another commendation.

LIBRA - Sept 23/Oct 23 Making room for your needs right now is challenging as others seem to require all of the attention, Libra. You will have a chance to balance the scales soon enough.

SCORPIO - Oct 24/Nov 22 Right now you may be reluctant to commit or comment on an issue that is affecting some in your circle, Scorpio. You can get involved once you dig further and do your own research.

SAGITTARIUS - Nov 23/Dec 21 Sagittarius, when you hang out with friends, you may be tempted to spend more than is in your budget at the moment. Set a limit, and perhaps leave your credit cards at home.
